

Nancy A. Dreyer

328 Country Club Road, Newton, MA 02459 USA
Email: NDreyer@DreyerStrategies.com Tel 617 733 9478

Career Highlights

- Built and sold 2 businesses and helped initiate merger of 2 public companies
- Internationally recognized expert in the use of real-world evidence for regulatory purposes, influencing the content of recent guidelines by medical product regulators in the US (FDA), Europe (EMA), and China (NMPA)
- Experienced in patient registries, patient-generated health data and linked real-world data; e.g., COVID-19 (www.helpstopCOVID19.com) and European Medicines Agency work (doi:10.2196/publichealth.4939)
- Strong record of successful collaborations, e.g., developed agile injury analytics for the NFL and NBA; created a 13-country patient registry for avian influenza and identified a repurposed drug that more than doubled the chance of survival
- Environmental experience includes establishing context for risks from ionizing radiation, petrochemicals and electromagnetic fields, and laying the scientific foundation used in the successful reorganization of Manville in US Bankruptcy Court

Executive Highlights

- CEO: Founded and led Epidemiology Resources Inc (research firm) and the New England Epidemiology Institute (summer school); sold to UnitedHealth
- Publisher: Launched and operated the peer-reviewed journal, Epidemiology; successfully moved to Williams and Wilkins
- SVP at UnitedHealth: worked in drug safety and its emerging CRO business
- SVP and Global Chief of Scientific Affairs at Outcome Sciences: Built scientific services and collaborated to shape the company for acquisition by Quintiles
- SVP and Chief Scientific Officer, IQVIA Real World Solutions: Spearheaded a partnership of Quintiles and IMS Health, resulting in the merger of these companies to form IQVIA (IQV)
- 30+ years P&L experience
- Substantial revenue generation from large multi-national companies
- Investor conference experience

Board Experience

- Trustee, Brandeis University, Waltham, MA
- Scientific and Policy Advisor, Drug Information Association
- Member, Duke-Margolis Center for Health Policy Planning Board, working with former FDA Commissioner Mark McClellan
- Board Chair, Epidemiology Resources Inc.

Education and Academic Appointment

- PhD in Epidemiology and Master of Public Health, University of North Carolina, Chapel Hill
- Adjunct Professor of Epidemiology, University of North Carolina, Chapel Hill

Other Distinctions

- Drug Information Association Global Inspire Award for “Advancing a framework for regulatory use of real-world evidence: When real is reliable.”
- Red Jacket Hall of Fame Award from PharmaVoice as one of the most inspiring people in the life sciences
